Oh I see. You worked regular hours Sunday to make up for Monday. No I am totally fine with that. if you know in advance shoot me an email. I honestly don't care how you do it as long as you get to 7.75. If you need to do it again and you cant get a hold of me, just email me after fact and say worked 4 hour Sunday and will be in late Monday as a result or text

Dara,

I know about the OT, I did the hours on Sunday because I was not sure if I would be able to work the whole day on Monday. Is there an issue with working part of the weekend to cover the hours for a day during the week?

Rob,

We have not received approval from Bill to do overtime this month. Sorry for the confusion but I sent this yesterday and now I see hours again for last night. I will approve what is in there but we cant do anymore. Let me know if you have any questions

Overtime as far as I know was suspended as of 8/1. I will let you all know if we get approval for August but I don't think so.
